This conference provides a forum for learning and networking which will be highlighted with presentations by nationally and internationally known juvenile justice experts. The conference attracts over 250 registered participants each year. School officials, treatment providers, paroling authorities, sheriffs, jail commanders, juvenile probation and parole officers, juvenile facility wardens and superintendents, correctional officers, and a variety of line staff from around Idaho attend the conference. Members of the legal and political communities, such as judges, lawyers, and decision-makers for city, county, regional, state, and federal agencies also attend.

The conference planning board appreciates the importance of vendors to the success of our conference! A conference liaison has been established to assist you with registration, shipping and setting up, program access, introductions and general troubleshooting. We encourage you to contact him with your questions, ideas, or concerns. Your successful presentation is our main concern.

This packet includes a complete list of available opportunities and your Letter of Commitment. If you have any questions or concerns, your liaison for this year's conference will be:
